Davidson Summer Programs

The Davidson Institute hosts three residential, academic summer programs on UNR campus for gifted students. Davidson Summer STARS (two sessions) and Davidson THINK Summer Institute.

We are seeking a licensed nurse for the summer of 2017 who will oversee the health and wellbeing of the students, evaluate medical needs, respond to medical emergencies, distribute medications, and communicate with parents prior to and during the program.

Candidate must have strong diagnostic skills, patience, ability to work long days, and provide a caring environment.

We provide competitive compensation, room, board during STARS, and flexible hours during THINK.

Applications will be accepted through February 2017 or until filled.

Join a team that is committed to creating a great student experience.

“I wish STARS lasted a month! No, two months!”
-STARS student, age 10

“Favorite part of STARS was being with people that understand you.”
-STARS student, age 11

“I really enjoyed my experience at THINK. Everyday, I always think about it and I miss it a lot. I hope to come back next year!”
-THINK student, age 14

“THINK was the best academic camp I’ve ever attended, and probably the best camp period.”
-THINK student, age 15
